

Export Compliance

Winchester Interconnect Micro, formerly known as Ulti-Mate Connector, its products and technology is in full compliance with US export control laws and regulations. Any exports from the United States is done in accordance with the Export Administration Regulations (EAR) and the International Traffic at Arms Regulations (ITAR).

We are registered with the State Department and as required, request licenses and technical assistance agreements for items that fall under the US Munitions List (USML) and ship only when such licenses or agreements are received. We request

End use and End users statements and screen for Denied Parties as prescribed by the Commerce Department Regulations. Finally, we comply with US Census Bureau Export Declaration statements (SED's) and file electronically via AES Direct.
